DEFEAT PLAN FOR SPLITTING UP 17TH JUDICIAL DISTRICT

Proposal Is Shelved by State Senate; Caucus Plans Announced

The proposed law to split up the present Seventeenth Judicial circuit into two districts, one composed of Lake and McHenry counties and the other of Winnebago and Boone counties, was pigeon-holed by a state senate judiciary committee after a hearing Tuesday evening.

The Lake County board of supervisors and the executive group of the Lake County Republican Central committee had opposed the division of the circuit.

The measure was favored, however, by the Lake County Bar association and the executive committee of the Democratic county committee.

Speed up Campaign

With receipt of the announcements concerning the disposal of the bill, Republican judicial campaign plans which had been delayed pending its outcome were promptly put into action.

Republican chairmen for the four counties are mailing notices to the secretary of state at Springfield telling of the district judicial convention to be held April 15 at Rockford to nominate three candidates for circuit judges to be elected June 5 in the Seventeenth Judicial circuit.

William M. Marks, Lake Villa, chairman of the Lake County Republican Central committee, has announced that the county organization will hold caucus the latter part of February or the first of March to sponsor a candidate from Lake county for nomination at Rockford.

Present Nominees

Republican leaders in the four counties plan the selection of one nominee each from Lake and Winnebago counties and one from McHenry and Boone combined.

Candidates and potential candidates at present include:

Lake—Judge Ralph J. Dady.

Winnebago—Attorneys W. R. Dusher, Thomas E. Gill, Frank E. Maynard, Robert E. Nash and C. K. Welsh; Judge Arthur E. Fisher, 76, is retiring, and has withdrawn his candidacy.

Boone and McHenry—Judge William L. Pierce, Boone County; Attorneys William M. Carroll and David R. Joslyn, McHenry county.

C. W. Martin, 81, Again Harvests "First Ice Crop"

For many years Charles W. Martin, president of the Martin and Company Rubber Stamp corporation of Chicago, has kept it a tradition to harvest the first ice of the season for his private ice house at his home at Cross Lake. This year, although Mr. Martin is now 81, he was once again the first man to harvest the first ice.

From 65 to 70 tons of ice were put up by the "ice gang" that assembled at his place Sunday. The ice was 12 inches thick, it was reported.

Afterward Martin was host to the members of the crew at his also traditional 20-pound turkey dinner, with fixin's.

Members of the "ice gang" included Hugh Shea, Bebe Lasco, Frank Spaniard, Mike Jensen, Bill Hansen, Charles Werz, Luliver Lasco and John Bergstrom.

Mrs. Bergstrom acted as "chief chef" for the preparation of the dinner, assisted by Mrs. Lasco.

Antioch Boy Sails for South American Journey

Paul Richey, son of Mrs. Ruby Richey, sailed for South America Saturday from the New Orleans harbor.

Richey has been in the vicinity of New Orleans since last October and recently secured a position on the combination freighter-passenger liner, S. S. Delsud.

The Delsud sailed last Saturday for Rio de Janeiro, Brazil, Buenos Aires, Argentina, and other large ports in South America. The ship is scheduled to return to the United States with a cargo of coffee sometime during the latter part of April.

"The Changing Job of Parenthood" Club Topic

Mrs. C. L. Kutil will be hostess to the Mothers' club at a meeting Tuesday evening, Feb. 14, at 8 o'clock. "The Fast Changing Job of Parenthood" is to be the topic for the evening. Mrs. William Kufalk will lead the discussion.

LAKE VILLA GYM PLAN APPROVED

Bond Issue of \$16,000 for Addition to School Is Passed, 132-18

A \$16,000 bond issue for building a gymnasium-auditorium addition to the Lake Villa school was voted by residents of the district, 132-18, in a special election Saturday.

The school district is not asking any government aid for the project, and the amount of the bond issue is expected to be sufficient to meet expenses.

Work on the addition is expected to start around April 1, and to be completed around Sept. 1.

The addition, which is to have a total floor space of 60 by 70 feet and a seating capacity of about 500, will be of brick to match the rest of the program chairman.

The playing floor in the gymnasium will be 40 by 60 feet.

The school building at present includes three class rooms and a library.

"Saintly Sinners" is Tops in Entertainment Says John B. Rotnour

Outstanding Drama of Year Is Crystal Bill for Next Thursday

Theatre goers will see characters of every day life that one likes to meet next Thursday night when the J. B. Rotnour Players present "Saintly Sinners and Honest Hypocrites" on the Crystal stage. Mr. Rotnour says this is the outstanding play of the year. Miss Bjorken and Mr. Conley have the leading parts. A little Spanish girl, Miss Anrose Arden, has been added to the cast, will appear in a juvenile role, and will introduce a special dance number.

Tonight's play, "Just You and I," a problem play with a strong dramatic punch, offers much in entertainment for patrons of the spoken drama. Get merchant's free tickets from firms listed in the Crystal theatre ad.

WILBERT B. DEAN DIES AT ELGIN

Former Antioch Resident Succumbs to Heart Attack

A heart attack proved fatal to Wilbert B. Dean, Elgin, a former Antioch resident, last Thursday. Dean was stricken while at work in a candy kitchen in Elgin, where he had been employed. He was 65 years of age.

Dean and his family had been residents of Antioch for a number of years and only recently moved to Elgin.

Survivors include his wife, Beatrice Stephens Dean; a daughter, Mrs. Charles H. Tidey of Elgin; a son, Wilbert B. Dean of Royal Oak, Mich.; a brother Learned Dean, a naval commander; a sister, Miss Dorothy Dean, Bloomfield, Ind., and two grandchildren.

Political Jobs "Open to All Citizens"—Maybe

The State Civil Service Commission announces that examinations will be held March 15 to 18 for 51 positions, 21 of which are places in the Unemployment Compensation Division of the Department of Labor. Information and application blanks may be obtained from the Civil Service Commission, Centennial Building, Springfield, and applications may be filed up to March 6, 1939. The examinations will be conducted in Chicago, Springfield, Champaign-Urbana, Quincy, Peoria, and East St. Louis.

The commission states that the examinations are "open to all citizens of the state." Wouldn't it be pitiful if 51 Republicans scored high and became eligible for the jobs? But don't worry—the jobs—all of them—will be filled by Democrats.

Postpone Meeting at Cedar Lake School

The Teachers' meeting which was to have been held at the Cedar Lake school Wednesday evening has been postponed to next Wednesday evening, Feb. 15, because of the prevalence of influenza. A 6:30 o'clock supper will be served and a discussion of pending laws concerning education is to follow the evening of Tuesday, Feb. 14.

"MEN'S NIGHT" IS SET FOR P. T. A. MEETING FEB. 13

Men Will Have Charge of Program and Business Session Monday

Men will be the acting officers and will have charge of all features of the Antioch Parent Teacher association's meeting Monday evening, Feb. 13.

Presiding in the place of Mrs. Elmer Hunter will be Archie Maplethorpe. Otto Klass is to present the treasurer's report. M. M. Stillson will be the secretary and R. E. Clabaugh the program chairman.

A committee of men will also have charge of the February card party, to be held on Monday evening, the 27th. The members of the committee will be announced at the meeting this coming Monday.

To Show Movies

"Living Pictures," a 40-minute program of motion pictures taken this year in the Berwyn schools, will be presented under the charge of C. C. Frye, a former principal at Lake Villa, and now principal of a school in Berwyn.

The pictures were filmed by J. K. White, state "living picture" chairman for the Illinois Congress of Parents and Teachers, and a well known Berwyn educator.

They present a complete survey of activities of all types engaged in by Berwyn school children, and are said to be unusually interesting.

The musical part of the program will include vocal solos by G. E. Bennett, Berwyn, and selections by the Antioch Grade School band, under the direction of Hans Von Holwede.

Mr. Bennett is said to be a talented singer. He has appeared in programs in Grant park and elsewhere in Chicago and its suburbs, and has won considerable recognition. He also heads the staff of one of the Berwyn schools. Mrs. Bennett will be his accompanist.

In honor of "Founders' Day," which is being observed by Parent Teacher associations throughout the country at their meetings this month, a sketch of 42 years of Parent Teacher achievement will be presented.

McGeogh, Former County Legion Commander, Dies

Word of the death of Edward J. McGeogh, a former commander of the Lake County American Legion, Saturday morning, in Cleveland, Ohio, was received with deep regret by Antioch Legionnaires.

McGeogh was at one time chief clerk to the commandant of the Great Lakes Naval Training station. He served in the navy during the World War and took a prominent part in Legion work throughout Lake county.

He was one of the organizers of the Navy-Marine post of the Legion at Great Lakes, which disbanded several years ago.

He is survived by his wife and a daughter, Helen, and son, James.

E. A. Grutzmacher Dies in Chicago

Antioch friends of E. A. Grutzmacher, Chicago, formerly of this village, were shocked to hear of his death Monday, Jan. 30, in Chicago, from a heart ailment.

Funeral services were held in Chicago last Thursday.

Grutzmacher was formerly manager of the Chain of Lakes Laundry and Dry Cleaning company at Antioch. This company has since been discontinued.

He is survived by his wife; a daughter, Mrs. Byron Corbin of Cross Lake; two sons, Ronald and Oliver, both of Chicago, and three grandchildren.

"Town Warming" Held at Barrington Is Success

The "Barrington town warming" may become an annual event, heads of the organizations in that village hope after surveying results of the successful two-week program that closed Saturday evening after drawing a total of 15,000 persons to the 14 lectures given.

Noted lecturers, authors, journalists, ministers and educators were among the persons brought to Barrington to give the talks, held at the high school each evening throughout the "town warming."

Another winter schedule and various community-wide leisure time projects will be discussed at a meeting to be held by organization heads the evening of Tuesday, Feb. 14.

THE BIGGER BLOW

PLAYS FOR HIGH SCHOOL DRAMATIC TOURNEY NAMED

Sixth Annual Inter-Class Tournament Is Set for Feb. 20 and 21

Interest is running high in the sixth annual Inter-Class Play tournament to be held at Antioch Township High school Monday and Tuesday evenings, Feb. 20 and 21. The prized Drama Shield will go to the winner.

The tournament was originally scheduled for Feb. 13 and 14 but was postponed because of the influenza epidemic at the school.

Nine plays will be given, four on the first evening and five on the second. The curtain will rise at 7:30 o'clock both nights. Tickets may be obtained from members of the casts and they will also be available at the door.

Opening the tournament on Monday evening will be "Isn't It the Truth?" a farce-comedy of Hollywood.

Casts of the plays, in full, will be as follows:

Monday Night

"Isn't It the Truth?"—Marjorie Doolittle, Jean Brett, Joyce Anderson, Violet Loftus, Parker Hazen, Ray Fennema, Charles Rothers, Dudley Ward.

"Suitable for Charity"—a comedy of Bert White, Eileen Snyder, Charles Anderson, Gordon Knott, Charlene Jorgenson and Richard Prince.

"A Snug Little Kingdom"—a play of London, with William Cisna, Jeanette White, Windsor Daalgard, Sybil Johnson, Charlotte Nash, Betty Lu Williams and Gordon Zink.

"David Copperfield"—an episode from the novel by Dickens, with William White, Helen Thompson, Robert Dressel, Ray Wells, Jennie Nevelier and Ruth Turnock in the cast.

Tuesday Night

"But Now There's Buford"—a comedy of youth, with Arlene Krahn, Louise Mueller, Otto Palaske, William Mongon, Lila Cobb and Bessie Leng.

"The Gift"—a serious play, with its setting in Judea at the time of Christ. Jean Perry, Robert Strane, Martha Wynch, Gilda Pierce and William Randall in the cast.

"History in the Making"—dramatized version of the last days of Major Andre, with Roger Brogan, Betty Hanke, Marjorie Bright, Mary Kay Lynn, Russell Homan, Leo Keisler, Helen Lubkeman, Venetia Philipp, William Reamer, Fred Zilke.

"A Unicorn and a Fish"—a comedy with Robert Patrick, Charles Anderson, Lucile Waters, Ralph Gussarson, and Joan Smith.

"Spreading the News"—a play in the style of the Abbey players of Dublin, with George Bartlett, Frances Beimer, Roberta Seltzer, Edward Rutherford, Dale Smith, Irene Chin, Shirley Hennings, Lawrence Keisler, Robert Burke and Arthur Small in the cast.

Interesting Topics Are Scheduled for Evening Classes

"Taking Advertising Intelligently" is the subject to be taken up by the Homemaking class next Wednesday evening at the high school. Various phases of advertising propaganda that the housewife should be aware of will be pointed out in the discussions which will be under the charge of Mrs. Ruby Richey.

In the cattlemen's and stock raisers' course under the charge of C. L. Kutil, the subject of "Swine Production" will be taken up.

Such livestock disease problems as sleeping sickness, Bangs' disease, hog cholera, range paralysis, internal and external parasites, and tuberculosis were interestingly taken up by Dr. G. W. Jensen and Mr. Kutil in the meeting Wednesday evening.

The home-makers' class studied pattern cutting for dresses, the making of curtains and special gifts, and the remodeling of clothes.

Business Club Has Student Loan Report

The Antioch Business and Professional Woman's club has put out a total of \$100 in student loans so far this year, it was reported during the business session at a pot luck dinner held Tuesday evening at the home of the president, Mrs. H. B. Gaston.

The report was made in connection with the voting of a loan grant to a deserving student.

Twenty-one members were present. The dinner was served at 6:30 o'clock and was followed with a "white elephant" sale and games and contests.

HIGH SCHOOL TO RE-OPEN MONDAY

Lake Forest Also Halts Classes; Waukegan H. S. Remains Open

Antioch Township High school will re-open Monday after a week's "recess" called because of the influenza epidemic.

Eight of the 15 faculty members were ill and it is estimated that a fourth or fifth of the student body of 250 were also stricken.

Other Lake county schools also showed evidence of the ravages of the disease.

Lake Forest High school, with one-fourth of its 400-member student body suffering from influenza, closed Wednesday morning. It will re-open Wednesday.

Waukegan Township High school has remained open to date, although 500 of the 2,600 students enrolled had been reported ill, up to Wednesday evening.

Game Law Penalizes Tardy Hunter Reports

The deadline for the filing of Wisconsin game census reports by hunters was passed last Wednesday, the conservation department at Madison reports, but belated returns were expected this week. A special law provides that a hunter can be deprived of getting a hunting license unless he has filed his game report on the previous season.

They include openings in employment and personnel work, stenographic and clerical work, typists, business machine operators, housemothers and dieticians, nurses and sanitary engineers.

'Eye for Freedom' Plea**For Convict Is Denied**

JACKSON, MICH.—Officials of Southern Michigan prison and state corrections department rejected the proposal of a 24-year-old convict to give up his right eye to a sightless man in return for his freedom.

The convict, Marby Underwood of Detroit, serving a 2 to 10 year term for obtaining money under false pretenses, offered his right eye because his wife was homeless and needed him. He said she was forced to sleep in all-night theaters.

In a letter to Warden Joel Moore, Underwood asked if he was allowed to give the corner of his eye to William Lewis, 28, a Canon City, Colo., attorney who needs one to restore his sight. Four Colorado convicts awaiting execution have refused to aid the attorney.

Grizzly and Two Women**Meet the Same Hard Luck**

RONAN, MONT.—Mrs. Charles Joyce and her sister, Mrs. Fred Owens, together with a grizzly bear, all played in the same luck.

The two women were driving alone when a grizzly, evidently losing its footing on a nearby hillside, came bouncing down the hill and landed plumb on the front of the car. The women had no firearms and the bear was too groggy to attack them.

So both went different ways, the bear in a rather zig-zag manner and the auto at high speed.

Pussy Ends Long Life**Of Ice Cream and Meat**

BURBANK, CALIF.—Pill, a 17-year-old pet cat of an apothecary, died here of dropsy. The cat's utility during its long span of life had consisted of chasing away stray dogs.

By a daily balanced diet of ice cream and beefsteak, the druggist had been able to maintain its weight for years at 18 pounds.

Bolt Turns Sand to Glass

TAMPA, FLA.—Lightning as a glass-maker was exhibited here during a thunderstorm. A bolt of lightning struck a tree, ran down the tree and jumped from the tree roots to an underground telephone cable. Along the underground path the heat fused sand into a tube of glass.

Business Guides

Director, Business Training Schools,

IDEAS for improvement of a product or the operation of a business often come from employees. The prudent employer always is eager to learn of new ideas. He encourages his workers to make suggestions. There have been instances where a company has received and adopted suggestions without rewarding the originators in any manner. This leads to ill-feeling and sometimes even to serious labor trouble. Credit should always be given to employees when it is warranted. Employee loyalty will result.

Most forward-looking business owners and operators encourage employees to improve themselves by study. Thousands of firms recommend certain courses of training and pay part or all of the cost. This interest in the employee shows profits for the employer because it results in ambitious, industrious workers always being available to fill positions which require an unusual knowledge or exceptional skill. There is no substitute for a trained worker or office employee. In these days the employer cannot devote the time necessary to train employees for advanced positions. Instead, he encourages them to train themselves by study.

Higher positions are always in the reach of those qualified to fill them. The employee who acquires ability to fulfill more than his present duties, already has started on the road to success. If there is any "secret" of success, it is to be prepared when an opportunity comes. The wise business executive knows the persons in his organization who are capable of holding better jobs. The wise employee makes sure he is capable of holding a better job by training himself while occupying his present position.

An Architectural Mystery
Medieval streets of shops in Chester, England, founded by the Romans, are really two-story promenades, an upper gallery of stores making an arcade over the path for other stores on the street level. Various theories have been advanced to explain the architectural mystery, but none generally accepted.

DEEP-SEA DIVER REMINISCES OVER ODD EXPERIENCES**Wife Worries Over Wet Feet When He Goes on Trips For Groceries.**

FAIRPORT HARBOR, OHIO.—How deep-sea divers lasso fish—just for the fun of it—was told here by Harry Reinhartsen, working on the old E. G. Mathiot, sunken ship in Fairport harbor.

"Yes, we used to catch them that way down by Miami," the diver said, polishing the glass of his helmet. "This certain species of fish is very lazy and we would sneak up on them with a loop of wire, slip it over their tails, and a helper up above would hoist 'em up to the boat before they knew what had happened."

The fish weighed from 50 to 60 pounds and were good eating, Reinhartsen said. He and another diver indulged in the lassoing sport while working on a sewer project—"during recess, you might say."

Reinhartsen, who is 55, was the diver who removed the first body from the submarine S-51, which was rammed and sunk in Long Island sound. Every man died at his post and Reinhartsen worked in 139 feet of water during salvage operations.

Worked on S-48 Also.

He worked also on the S-48, which sank while on a trial run off Bridgeport, Conn., in 75 feet of water. All of the crew escaped by coming out a torpedo tube in the bow, so the diver was sent down with an electric torch to cut a hole in the bottom to permit air to be pumped into the hull to raise the sunken vessel.

"I got a bad case of 'bends' on that job," the veteran diver said. "It wasn't that I was working so deep as that I stayed down too long and ascended too rapidly. 'Bends' are caused by gas bubbles forming in the blood under the terrific pressure. Nothing happens until you come up. Then the gas bubbles out of the blood, like a bottle of pop just opened. This causes painful cramps—or death if they get to the heart."

One of his jobs, Reinhartsen was sent to the bottom of Lake Michigan—210 feet down—to inspect the wreck of a ship suspected of having been sunk for the insurance.

Since the pay of divers is proportional to the depth at which they are forced to work, he receives \$136 a day for his efforts, and as he could work only 20 minutes daily, because of the pressure, his pay figured to about \$4.08 an hour. Actually it was considerably less, because, after working only 20 minutes at this depth, Reinhartsen had to spend three and one-half hours in ascending to the surface by degrees to avoid the "bends."

Testimony Wins Suit.

On the strength of his testimony that the sea-cocks in the bottom of the ship had been opened, the insurance company won a suit, releasing it from liability.

Reinhartsen is married and says he has his wife "pretty well trained" and accustomed to the risks he undergoes. However, on one job on which he was required to search a reservoir near Jersey City for the body of a fisherman in 110 feet of water, his wife became worried. One diver had been killed on the job—sucked into a water intake at the bottom.

"That got my wife," Reinhartsen said. "She called me up at quitting time one night and begged me to leave the job. But I went home and talked to her several hours and convinced her that it was all right. Next day I went down and found the man after about 10 minutes."

"Funny thing," he said, "she worries more now when I'm out getting the groceries or something. Afraid I'll get my feet wet—maybe get pneumonia, I guess."

Vets Veto Judge; Insist On Being Sent to Jail

TORONTO.—"Guilty," said two Toronto men, charged in police court with fishing unlawfully with a net in the waters of the lagoon at Toronto island.

The men, both war veterans, pleaded that they were unemployed and had no other means of obtaining food for their families.

"Nevertheless, the law is the law," said Magistrate Robert J. Browne, himself a war veteran. "I'll have to impose a fine of \$10 or a jail term."

"Can't pay," the accused men chorused. "We'll have to serve the time."

"No," the magistrate replied, "you don't have to. I'll pay your fine myself."

"Not a chance," the accused men insisted. "We won't agree to that. We can take it."

"All right," Magistrate Browne ruled. "That leaves me no alternative. You'll each go to jail—for the term of one hour."

The two veterans spent 60 minutes in their cells and were home with their families the same night.

Trapper Outruns Coyote

LAWTON, OKLA.—John J. Pickens, who has trapped 73 coyotes in the Wichita mountains wildlife refuge, spotted a three-months-old coyote pup while driving through the refuge. He chased it afoot for half a mile across rocky slopes before the tired animal dodged into a rock crevice. Pickens pulled it out by the tail.

PICKING OFF THE SPARES—by SIXTAM

During Hibernation
During hibernation, says the American Wildlife Institute, body functions are reduced to a minimum. Breathing and circulation are slowed up considerably. This "reduced animation," which borders on suspended animation, lessens the amount of fuel needed to run the body. The fuel needed to keep life in the body is drawn from stores of fat on the animal.

Yak Ox Sturdy Beast

The yak ox, and more particularly the hybrid ox, the mdzo (the result of a cross between the yak and the Chinese cow), is a sturdy beast that will carry approximately 200 pounds, making an average stage of about 15 miles a day and keeping in fair condition if the grazing is good. He is fairly docile and easy to handle although double-jointed and shifty as a goat if minded to throw his load.

DEFEAT PLAN FOR SPLITTING UP 17TH JUDICIAL DISTRICT

Proposal Is Shelved by State Senate; Caucus Plans Announced

The proposed law to split up the present Seventeenth Judicial circuit into two districts, one composed of Lake and McHenry counties and the other of Winnebago and Boone counties, was pigeon-holed by a state senate judiciary committee after a hearing Tuesday evening.

The Lake County board of supervisors and the executive group of the Lake County Republican Central committee had opposed the division of the circuit.

The measure was favored, however, by the Lake County Bar association and the executive committee of the Democratic county committee.

Speed up Campaign

With receipt of the announcements concerning the disposal of the bill, Republican judicial campaign plans which had been delayed pending its outcome were promptly put into action.

Republican chairmen for the four counties are mailing notices to the secretary of state at Springfield telling of the district judicial convention to be held April 15 at Rockford to nominate three candidates for circuit judges to be elected June 5 in the Seventeenth Judicial circuit.

William M. Marks, Lake Villa, chairman of the Lake County Republican Central committee, has announced that the county organization will hold a caucus the latter part of February or the first of March to sponsor candidate from Lake county for nomination at Rockford.

Present Nominees

Republican leaders in the four counties plan the selection of one nominee each from Lake and Winnebago counties and one from McHenry and Boone combined.

Candidates and potential candidates at present include:

Judge Ralph J. Dady.

Winnebago—Attorneys W. R. Dusher, Thomas E. Gill, Frank E. Maynard, Robert E. Nash and C. K. Welsh. Judge Arthur E. Fisher, 76, is retiring, and has withdrawn his candidacy.

Boone and McHenry—Judge William L. Pierce, Boone County; Attorneys William M. Carroll and David R. Joslyn, McHenry county.

C. W. Martin, 81, Again Harvests "First Ice Crop"

For many years Charles W. Martin, president of the Martin and Company Rubber Stamp corporation of Chicago, has kept it a tradition to harvest the first ice of the season for his private ice house at his home at Cross Lake. This year, although Mr. Martin is now 81, he was once again the first man to harvest the first ice.

From 65 to 70 tons of ice were put up by the "ice gang" that assembled at his place Sunday. The ice was 12 inches thick, it was reported.

Afterward Martin was host to the members of the crew as his also traditional 20-pound turkey dinner, with fixins'.

Members of the "ice gang" included Hugh Shea, Bebe Lasco, Frank Spaniard, Mike Jensen, Bill Hansen, Charles Werlitz, Luliver Lasco and John Bergstrom.

Mrs. Bergstrom acted as "chief chef" for the preparation of the dinner, assisted by Mrs. Lasco.

Antioch Boy Sails for South American Journey

LAKE VILLA GYM PLAN APPROVED

Bond Issue of \$16,000 for Addition to School Is Passed, 132-18

A \$16,000 bond issue for building a gymnasium-auditorium addition to the Lake Villa school was voted by residents of the district, 132-18, in a special election Saturday.

The school district is not asking any government aid for the project, and the amount of the bond issue is expected to be sufficient to meet expenses.

Work on the addition is expected to start around April 1, and to be completed around Sept. 1.

The addition, which is to have a total floor space of 60 by 70 feet and a seating capacity of about 500, will be of brick to match the rest of the building.

The playing floor in the gymnasium will be 40 by 60 feet.

The school building at present includes three class rooms and a library.

"Saintly Sinners" is Tops in Entertainment Says John B. Rotnour

Outstanding Drama of Year Is Crystal Bill for Next Thursday

Theatre goers will see characters of every day life that one likes to meet next Thursday night when the J. B. Rotnour Players present "Saintly Sinners and Honest Hypocrites" on the Crystal stage. Mr. Rotnour says this is the outstanding play of the year. Miss Bjorken and Mr. Conley have the leading parts. A little Spanish girl, Miss Anrose Arden, has been added to the cast, will appear in a juvenile role, and will introduce a special dance number.

Tonight's play, "Just You and I," a problem play with a strong dramatic punch, offers much in entertainment for patrons of the spoken drama. Get merchant's free tickets from firms listed in the Crystal theatre ad.

WILBERT B. DEAN Dies at Elgin

Former Antioch Resident Succumbs to Heart Attack

A heart attack proved fatal to Wilbert B. Dean, Elgin, a former Antioch resident, last Thursday. Dean was stricken while at work in a candy kitchen in Elgin, where he had been employed. He was 65 years of age. Dean and his family had been residents of Antioch for a number of years and only recently moved to Elgin.

Survivors include his wife, Beatrice Stephens Dean; a daughter, Mrs. Charles H. Tidey of Elgin; a son, Wilbert B. Dean of Royal Oak, Mich.; a brother Learned Dean, a naval commander; a sister, Miss Dorothy Dean, Bloomfield, Ind., and two grandchildren.

Political Jobs "Open to All Citizens"—Maybe

The State Civil Service Commission announces that examinations will be held March 15 to 18 for 51 positions, 21 of which are places in the Unemployment Compensation Division of the Department of Labor. Information and application blanks may be obtained from the Civil Service Commission, Centennial Building, Springfield, and applications may be filed up to March 6, 1939. The examinations will be conducted in Chicago, Springfield, Champaign-Urbana, Quincy, Peoria, and East St. Louis.

The commission states that the examinations are "open to all citizens of the state." Wouldn't it be pitiful if 51 Republicans scored high and became eligible for the jobs? But don't worry—the jobs—all of them—will be filled by Democrats.

Postpone Meeting at Cedar Lake School

The Teachers' meeting which was to have been held at the Cedar Lake school Wednesday evening has been postponed to next Wednesday evening, Feb. 15, because of the prevalence of influenza. A 6:30 o'clock supper will be served and a discussion of pending laws concerning education is to follow.

"MEN'S NIGHT" IS SET FOR P. T. A. MEETING FEB. 13

Men Will Have Charge of Program and Business Session Monday

Men will be the acting officers and will have charge of all features of the Antioch Parent Teacher association's meeting Monday evening, Feb. 13.

Presiding in the place of Mrs. Elmer Hunter will be Archie Maplethorpe. Otto Klass is to present the treasurer's report. M. M. Stillson will be the secretary and R. E. Clabaugh the program chairman.

A committee of men will also have charge of the February card party, to be held on Monday evening, the 27th. The members of the committee will be announced at the meeting this coming Monday.

To Show Movies
"Living Pictures," a 40-minute program of motion pictures taken this year in the Berwyn schools, will be presented under the charge of C. C. Frye, a former principal at Lake Villa, and now principal of a school in Berwyn.

The pictures were filmed by J. K. White, state "living picture" chairman for the Illinois Congress of Parents and Teachers, and a well known Berwyn educator.

They present a complete survey of activities of all types engaged in by Berwyn school children, and are said to be unusually interesting.

The musical part of the program will include vocal solos by G. E. Bennett, Berwyn, and selections by the Antioch Grade School band, under the direction of Hans Von Holwede.

Mr. Bennett is said to be a talented singer. He has appeared in programs in Grant park and elsewhere in Chicago and its suburbs, and has won considerable recognition. He also heads the staff of one of the Berwyn schools. Mrs. Bennett will be his accompanist.

In honor of "Founders' Day," which is being observed by Parent Teacher associations throughout the country at their meetings this month, a sketch of 42 years of Parent Teacher achievement will be presented.

McGeogh, Former County Legion Commander, Dies

Word of the death of Edward J. McGeogh, a former commander of the Lake County American Legion, Saturday morning, in Cleveland, Ohio, was received with deep regret by Antioch Legionnaires.

McGeogh was at one time chief clerk to the commandant of the Great Lakes Naval Training station. He served in the navy during the World War and took prominent part in Legion work throughout Lake county. He was one of the organizers of the Navy-Marine post of the Legion at Great Lakes, which disbanded several years ago.

He is survived by his wife and a daughter, Helen, and son, James.

E. A. Grutzmacher Dies in Chicago

Antioch friends of E. A. Grutzmacher, Chicago, formerly of this village, were shocked to hear of his death Monday, Jan. 30, in Chicago, from a heart ailment.

Funeral services were held in Chicago last Thursday.

Grutzmacher was formerly manager of the Chain of Lakes Laundry and Dry Cleaning company at Antioch. This company has since been discontinued.

He is survived by his wife; by a daughter, Mrs. Byron Corbin of Cross Lake; two sons, Ronald and Oliver, both of Chicago, and three grandchildren.

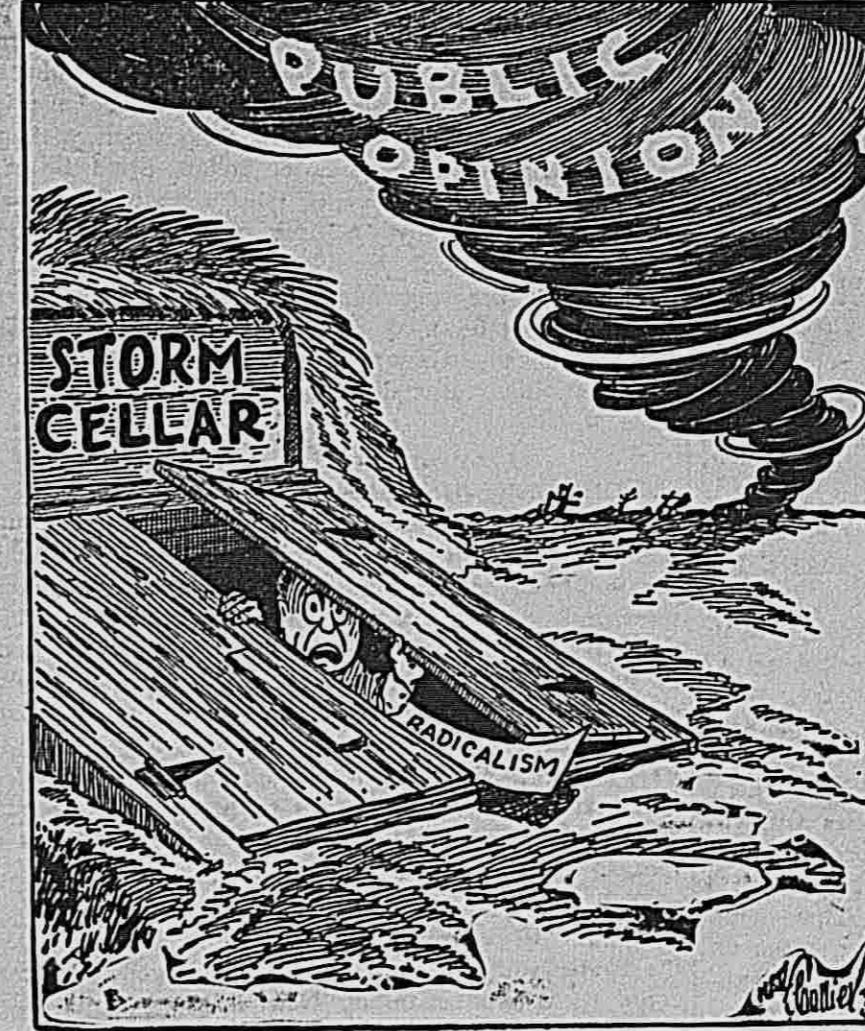

"Town Warming" Held at Barrington Is Success

The "Barrington town warming" may become an annual event, heads of the organizations in that village hope after surveying results of the successful two-week program that closed Saturday evening after drawing a total of 15,000 persons to the 14 lectures given.

Noted lecturers, authors, journalists, ministers and educators were among the persons brought to Barrington to give the talks, held at the high school each evening throughout the "town warming."

Another winter schedule and various community-wide leisure time projects will be discussed at a meeting to be held by organization heads the evening of Tuesday, Feb. 14.

THE BIGGER BLOW

PLAYS FOR HIGH SCHOOL DRAMATIC TOURNEY NAMED

Sixth Annual Inter-Class Tournament Is Set for Feb. 20 and 21

Interest is running high in the sixth annual Inter-Class Play tournament to be held at Antioch Township High school Monday and Tuesday evenings, Feb. 20 and 21. The prized Drama Shield will go to the winner.

The tournament was originally scheduled for Feb. 13 and 14 but was postponed because of the influenza epidemic at the school.

Nine plays will be given, four on the first evening and five on the second. The curtain will rise at 7:30 o'clock both nights. Tickets may be obtained from members of the casts and they will also be available at the door.

Opening the tournament on Monday evening will be "Isn't It the Truth?" a farce-comedy of Hollywood.

Casts of the plays, in full, will be as follows:

Monday Night

"Isn't It the Truth?"—Marjorie Doolittle, Jean Brett, Joyce Anderson, Violet Loftus, Parker Hazen, Ray Fennema, Charles Rother, Dudley Ward.

"Suitable for Charity"—a comedy of Bert White, Eileen Snyder, Charles Anderson, Gordon Knott, Charlene Jorgenson and Richard Prince.

"A Snug Little Kingdom"—a play of London, with William Cisna, Jeanette White, Windsor Daigard, Sybil Johnson, Charlotte Nash, Betty Lu Williams and Gordon Zink.

"David Copperfield"—an episode from the novel by Dickens, with William White, Helen Thompson, Robert Dressel, Ray Wells, Jennie Nevelier and Ruth Turnock in the cast.

Tuesday Night

"But Now There's Buford"—a comedy of youth, with Arlene Krahn, Louise Mueller, Otto Palaske, William Mongon, Lila Cobb and Bessie Leng.

"The Gift"—a serious play, with its setting in Judea at the time of Christ. Jean Perry, Robert Strang, Martha Wynch, Gilda Pierce and William Randall in the cast.

"History in the Making"—a dramatized version of the last days of Major Andre, with Roger Brogan, Betty Hanke, Marjorie Bright, Mary Kay Lynn, Russell Homan, Leo Keisler, Helen Lubkeman, Veneta Philippi, William Reamer, Fred Zilke.

"A Unicorn and a Fish"—a comedy with Robert Patrick, Charles Anderson, Lucille Waters, Ralph Gussarson and Joan Smith.

"Spreading the News"—a play in the style of the Abbey players of Dublin, with George Bartlett, Frances Beimer, Roberta Seltzer, Edward Rusewski, Dale Smith, Irene Chin, Shirley Hennings, Lawrence Keisler, Robert Burke and Arthur Small in the cast.

INTERESTING TOPICS ARE SCHEDULED FOR EVENING CLASSES

"Taking Advertising Intelligently" is the subject to be taken up by the Homemaking class next Wednesday evening at the high school. Various phases of advertising propaganda that the housewife should be aware of will be pointed out in the discussions which will be under the charge of Mrs. Ruby Richey.

In the cattlemen's and stock raisers' course under the charge of C. L. Kutil, the subject of "Swine Production" will be taken up.

Such livestock disease problems as sleeping sickness, Bangs' disease, hog cholera, range paralysis, internal and external parasites, and tuberculosis were interestingly taken up by Dr. G. W. Jensen and Mr. Kutil in the meeting Wednesday evening.

The home-makers' class studied pattern cutting for dresses, the making of curtains and special gifts, and the remodeling of clothes.

BUSINESS CLUB HAS STUDENT LOAN REPORT

The Antioch Business and Professional Woman's club has put out a total of \$100 in student loans so far this year, it was reported during the business session at a pot luck dinner held Tuesday evening at the home of the president, Mrs. H. B. Gaston.

The report was made in connection with the voting of a loan grant to a deserving student.

Twenty-one members were present. The dinner was served at 6:30 o'clock and was followed with a "white elephant" sale and games and contests.

HIGH SCHOOL TO RE-OPEN MONDAY

Lake Forest Also Halts Classes; Waukegan H. S. Remains Open

Antioch Township High school will re-open Monday after a week's "recess" called because of the influenza epidemic.

Eight of the 15 faculty members were ill and it is estimated that a fourth or fifth of the student body of 250 were also stricken.

Other Lake county schools also showed evidence of the ravages of the program.

Lake Forest High school, with one-fourth of its 400-member student body suffering from influenza, closed Wednesday morning. It will re-open Wednesday.

Waukegan Township High school has remained open to date, although 500 of the 2,600 students enrolled had been reported ill, up to Wednesday evening.

Game Law Penalizes Tardy Hunter Reports

The deadline for the filing of Wisconsin game census reports by hunters was passed last Wednesday, the conservation department at Madison reports, but belated returns were expected this week. A special law provides that a hunter can be deprived of getting a hunting license unless he has filed his game report on the previous season.

They include openings in employment and personnel work, stenographic and clerical work, typists, business machine operators, housemothers and diabetics, nurses and sanitary engineers.

Applications should be filed before 5 p.m. March 6. Further details may be secured at the Antioch post office.

'Eye for Freedom' Plea

For Convict Is Denied

JACKSON, MICH.—Officials of Southern Michigan prison and state corrections department rejected the proposal of a 24-year-old convict to give up his right eye to a sightless man in return for his freedom.

The convict, Marby Underwood of Detroit, serving a 2 to 10 year term for obtaining money under false pretenses, offered his right eye because his wife was homeless and needed him. He said she was forced to sleep in all-night theaters.

In a letter to Warden Joel Moore, Underwood asked he be allowed to give the corner of his eye to William Lewis, 28, a Canon City, Colo., attorney who needs one to restore his sight. Four Colorado convicts awaiting execution have refused to aid the attorney.

Grizzly and Two Women Meet the Same Hard Luck

RONAN, MONT.—Mrs. Charles Joyce and her sister, Mrs. Fred Owens, together with a grizzly bear, all played in the same luck.

The two women were driving alone when a grizzly, evidently losing its footing on a nearby hillside, came bouncing down the hill and landed plumb on the front of the car. The women had no firearms and the bear was too groggy to attack them.

So both went different ways, the bear in a rather zig-zag manner and the auto at high speed.

Pussy Ends Long Life

Of Ice Cream and Meat

BURBANK, CALIF.—Pill, a 17-year-old pet cat of an apothecary, died here of dropsy. The cat's utility during its long span of life had consisted of chasing away stray dogs.

By a daily balanced diet of ice cream and beefsteak, the druggist had been able to maintain its weight for years at 18 pounds.

Bolt Turns Sand to Glass

TAMPA, FLA.—Lightning as a glass-maker was exhibited here during a thunderstorm. A bolt of lightning struck a tree, ran down the tree and jumped from the tree roots to an underground telephone cable. Along the underground path the heat fused sand into a tube of glass.

Business Guides

By C. E. Johnston
Director, Business Training Schools,

IDEAS for improvement of a product or the operation of a business often come from employees. The prudent employer always is eager to learn of new ideas. He encourages his workers to make suggestions. There have been instances where a company has received and adopted suggestions without rewarding the originators in any manner. This leads to ill-feeling and sometimes even to serious labor trouble. Credit should always be given to employees when it is warranted. Employee loyalty will result.

Most forward-looking business owners and operators encourage employees to improve themselves by study. Thousands of firms recommend certain courses of training and pay part or all of the cost. This interest in the employee shows profits for the employer because it results in ambitious, industrious workers always being available to fill positions which require an unusual knowledge or exceptional skill. There is no substitute for a trained worker or office employee. In these days the employer cannot devote the time necessary to train employees for advanced positions. Instead, he encourages them to train themselves by study.

Higher positions are always in the reach of those qualified to fill them. The employee who acquires ability to fulfill more than his present duties, already has started on the road to success. If there is any "secret" of success, it is to be prepared when an opportunity comes. The wise business executive knows the persons in his organization who are capable of holding better jobs. The wise employee makes sure he is capable of holding a better job by training himself while occupying his present position.

An Architectural Mystery
Medieval streets of shops in Chester, England, founded by the Romans, are really two-story promenades, an upper gallery of stores making an arcade over the path for other stores on the street level. Various theories have been advanced to explain the architectural mystery, but none generally accepted.

DEEP-SEA DIVER REMINISCES OVER ODD EXPERIENCES

Wife Worries Over Wet Feet When He Goes on Trips For Groceries.

FAIRPORT HARBOR, OHIO.—How deep-sea divers lasso fish—just for the fun of it—was told here by Harry Reinhartsen, working on the old E. G. Mathiott, sunken ship in Fairport harbor.

"Yes, we used to catch them that way down by Miami," the diver said, polishing the glass of his helmet. "This certain species of fish is very lazy and we would sneak up on them with a loop of wire, slip it over their tails, and a helper up above would hoist 'em up to the boat before they knew what had happened."

The fish weighed from 50 to 60 pounds and were good eating, Reinhartsen said. He and another diver indulged in the lassoing sport while working on a sewer project—"during recess, you might say."

Reinhartsen, who is 56, was the diver who removed the first body from the submarine S-51, which was rammed and sunk in Long Island sound. Every man died at his post and Reinhartsen worked in 139 feet of water during salvage operations.

Worked on S-48 Also.

He worked also on the S-48, which sank while on a trial run off Bridgeport, Conn., in 75 feet of water. All of the crew escaped by coming out a torpedo tube in the bow, so the diver was sent down with an electric torch to cut a hole in the bottom to permit air to be pumped into the hull to raise the sunken vessel.

"I got a bad case of 'bends' on that job," the veteran diver said. "It wasn't that I was working so deep as that I stayed down too long and ascended too rapidly. 'Bends' are caused by gas bubbles forming in the blood under the terrific pressure. Nothing happens until you come up. Then the gas bubbles out of the blood, like a bottle of pop just opened. This causes painful cramps—or death if they get to the heart."

One of his jobs, Reinhartsen was sent to the bottom of Lake Michigan—210 feet down—to inspect the wreck of a ship suspected of having sunk for the insurance.

Since the pay of divers is proportional to the depth at which they are forced to work, he receives \$136 a day for his efforts, and as he could work only 20 minutes daily, because of the pressure, his pay figured to about \$408 an hour. Actually it was considerably less, because, after working only 20 minutes at this depth, Reinhartsen had to spend three and one-half hours in ascending to the surface by degrees to avoid the "bends."

Testimony Wins Suit.

On the strength of his testimony that the seacocks in the bottom of the ship had been opened, the insurance company won a suit, releasing it from liability.

Reinhartsen is married and says he has his wife "pretty well trained" and accustomed to the risks he undergoes. However, on one job on which he was required to search a reservoir near Jersey City for the body of a fisherman in 110 feet of water, his wife became worried. One diver had been killed on the job—sucked into a water intake at the bottom.

"That got my wife," Reinhartsen said. "She called me up at quitting time one night and begged me to leave the job. But I went home and talked to her several hours and convinced her that it was all right. Next day I went down and found the man after about 10 minutes.

"Funny thing," he said, "she worries more now when I'm out getting the groceries or something. Afraid I'll get my feet wet—maybe get pneumonia, I guess."

Vets Veto Judge; Insist On Being Sent to Jail

TORONTO—"Guilty," said two Toronto men, charged in police court with fishing unlawfully with a net in the waters of the lagoon at Toronto island.

The men, both war veterans, pleaded that they were unemployed and had no other means of obtaining food for their families.

"Nevertheless, the law is the law," said Magistrate Robert J. Browne, himself a war veteran. "I'll have to impose a fine of \$10 or a jail term."

"Can't pay," the accused men chorused. "We'll have to serve the time."

"No," the magistrate replied, "you don't have to. I'll pay your fine myself."

"Not a chance," the accused men insisted. "We won't agree to that. We can take it."

"All right," Magistrate Browne ruled. "That leaves me no alternative. You'll each go to jail—for the term of one hour."

The two veterans spent 60 minutes in their cells and were home with their families the same night.

Trapper Outruns Coyote

LAWTON, OKLA.—John J. Pickens, who has trapped 73 coyotes in the Wichita mountains wildlife refuge, spotted a three-months-old coyote pup while driving through the refuge. He chased it afoot for half a mile across rocky slopes before the tired animal dodged into a rock crevice. Pickens pulled it out by the tail.

PICKING OFF THE SPARES—by SIXTY M

Yak Ox Sturdy Beast

The yak ox, and more particularly the hybrid ox, the mendo (the result of a cross between the yak and the Chinese cow), is a sturdy beast that will carry approximately 200 pounds, making an average stage of about 15 miles a day and keeping in fair condition if the grazing is good. He is fairly docile and easy to handle although double-jointed and shifty as a goat if minded to throw his load.

Holland has a public department whose business is the protection of the land from flooding.

Life During Hibernation
During hibernation, says the American Wildlife Institute, body functions are reduced to a minimum. Breathing and circulation are slowed up considerably. This "reduced animation," which borders on suspended animation, lessens the amount of fuel needed to run the body. The fuel needed to keep life in the body is drawn from stores of fat on the animal.

DEFEAT PLAN FOR SPLITTING UP 17TH JUDICIAL DISTRICT

Proposal Is Shelved by State Senate; Caucus Plans Announced

The proposed law to split up the present Seventeenth Judicial circuit into two districts, one composed of Lake and McHenry counties and the other of Winnebago and Boone counties, was pigeon-holed by a state senate judiciary committee after a hearing Tuesday evening.

The Lake County board of supervisors and the executive group of the Lake County Republican Central committee had opposed the division of the circuit.

The measure was favored, however, by the Lake County Bar association and the executive committee of the Democratic county committee.

Speed up Campaign

With receipt of the announcements concerning the disposal of the bill, Republican judicial campaign plans which had been delayed pending its outcome were promptly put into action.

Republican chairmen for the four counties are mailing notices to the secretary of state at Springfield telling of the district judicial convention to be held April 15 at Rockford to nominate three candidates for circuit judges to be elected June 5 in the Seventeenth Judicial circuit.

William M. Marks, Lake Villa, chairman of the Lake County Republican Central committee, has announced that the county organization will hold a caucus the latter part of February or the first of March to sponsor a candidate from Lake county for nomination at Rockford.

Present Nominees

Republican leaders in the four counties plan the selection of one nominee each from Lake and Winnebago counties and one from McHenry and Boone combined.

Candidates and potential candidates at present include:

Lake—Judge Ralph J. Dady, Winnebago—Attorneys W. R. Dusher, Thomas E. Gill, Frank E. Maynard, Robert E. Nash and C. K. Welsh. Judge Arthur E. Fisher, 76, is retiring, and has withdrawn his candidacy.

Boone and McHenry—Judge William L. Pierce, Boone County; Attorneys William M. Carroll and David R. Joslyn, McHenry county.

C. W. Martin, 81, Again Harvests "First Ice Crop"

For many years Charles W. Martin, president of the Martin and Company Rubber Stamp corporation of Chicago, has kept it a tradition to harvest the first ice of the season for his private ice house at his home at Cross Lake. This year, although Mr. Martin is now 81, he was once again the first man to harvest the first ice.

From 65 to 70 tons of ice were put up by the "ice gang" that assembled at his place Sunday. The ice was 12 inches thick, it was reported.

Afterward Martin was host to the members of the crew at his also traditional 20-pound turkey dinner, with fixins'.

Members of the "ice gang" included Hugh Shea, Bebe Lasco, Frank Spangaard, Mike Jensen, Bill Hansen, Charles Wertz, Luliver Lasco and John Bergstrom.

Mrs. Bergstrom acted as "chief chef" for the preparation of the dinner, assisted by Mrs. Lasco.

Antioch Boy Sails for South American Journey

Paul Richey, son of Mrs. Ruby Richey, sailed for South America Saturday from the New Orleans harbor. Richey has been in the vicinity of New Orleans since last October and recently secured a position on the combination freighter-passenger liner, S. S. Delsud.

The Delsud sailed last Saturday for Rio de Janeiro, Brazil, Buenos Aires, Argentina, and other large ports in South America. The ship is scheduled to return to the United States with a cargo of coffee sometime during the latter part of April.

"The Changing Job of Parenthood" Club Topic

Mrs. C. L. Kutil will be hostess to the Mothers' club at a meeting Tuesday evening, Feb. 14, at 8 o'clock. "The Fast Changing Job of Parenthood" is to be the topic for the evening. Mrs. William Kufalk will lead the discussion.

LAKE VILLA GYM PLAN APPROVED

Bond Issue of \$16,000 for Addition to School Is Passed, 132-18

A \$16,000 bond issue for building a gymnasium-auditorium addition to the Lake Villa school was voted by residents of the district, 132-18, in a special election Saturday.

The school district is not asking any government aid for the project, and the amount of the bond issue is expected to be sufficient to meet expenses.

Work on the addition is expected to start around April 1, and to be completed around Sept. 1.

The addition, which is to have a total floor space of 60 by 70 feet and a seating capacity of about 500, will be of brick to match the rest of the building.

The playing floor in the gymnasium will be 40 by 60 feet.

The school building at present includes three class rooms and a library.

WILBERT B. DEAN DIES AT ELGIN

Former Antioch Resident Succumbs to Heart Attack

A heart attack proved fatal to Wilbert B. Dean, Elgin, a former Antioch resident, last Thursday. Dean was stricken while at work in a candy kitchen in Elgin, where he had been employed. He was 65 years of age.

Dean and his family had been residents of Antioch for a number of years and only recently moved to Elgin.

Survivors include his wife, Beatrice Stephens Dean; a daughter, Mrs. Charles H. Tidey of Elgin; a son, Wilbert B. Dean of Royal Oak, Mich.; a brother Learned Dean, a naval commander; a sister, Miss Dorothy Dean, Bloomfield, Ind., and two grandchildren.

Political Jobs "Open to All Citizens"—Maybe

The State Civil Service Commission announces that examinations will be held March 15 to 18 for 51 positions, 21 of which are places in the Unemployment Compensation Division of the Department of Labor. Information and application blanks may be obtained from the Civil Service Commission, Centennial Building, Springfield, and applications may be filed up to March 6, 1939. The examinations will be conducted in Chicago, Springfield, Champaign-Urbana, Quincy, Peoria, and East St. Louis.

The commission states that the examinations are "open to all citizens of the state." Wouldn't it be pitiful if 51 Republicans scored high and became eligible for the jobs? But don't worry—the jobs—all of them—will be filled by Democrats.

Postpone Meeting at Cedar Lake School

The Teachers' meeting which was to have been held at the Cedar Lake school Wednesday evening has been postponed to next Wednesday evening, Feb. 15, because of the prevalence of influenza. A 6:30 o'clock supper will be served and a discussion of pending laws concerning education is to follow.

"MEN'S NIGHT" IS SET FOR P. T. A. MEETING FEB. 13

Men Will Have Charge of Program and Business Session Monday

Men will be the acting officers and will have charge of all features of the Antioch Parent Teacher association's meeting Monday evening, Feb. 13.

Presiding in the place of Mrs. Elmer Hunter will be Archie Maplethorpe. Otto Klass is to present the treasurer's report. M. M. Stillson will be the secretary and R. E. Clabaugh the program chairman.

A committee of men will also have charge of the February card party, to be held on Monday evening, the 27th. The members of the committee will be announced at the meeting this coming Monday.

To Show Movies
"Living Pictures," a 40-minute program of motion pictures taken this year in the Berwyn schools, will be presented under the charge of C. C. Frye, a former principal at Lake Villa, and now principal of a school in Berwyn.

The pictures were filmed by J. K. White, state "living picture" chairman for the Illinois Congress of Parents and Teachers, and a well known Berwyn educator.

They present a complete survey of activities of all types engaged in by Berwyn school children, and are said to be unusually interesting.

The musical part of the program will include vocal solos by G. E. Bennett, Berwyn, and selections by the Antioch Grade School band, under the direction of Hans Von Holwede.

Mr. Bennett is said to be a talented singer. He has appeared in programs in Grant park and elsewhere in Chicago and its suburbs, and has won considerable recognition. He also heads the staff of one of the Berwyn schools. Mrs. Bennett will be his accompanist.

In honor of "Founders' Day," which is being observed by Parent Teacher associations throughout the country at their meetings this month, a sketch of 42 years of Parent Teacher achievement will be presented.

McGeogh, Former County Legion Commander, Dies

Word of the death of Edward J. McGeogh, a former commander of the Lake County American Legion, Saturday morning, in Cleveland, Ohio, was received with deep regret by Antioch Legionnaires.

McGeogh was at one time chief clerk to the commandant of the Great Lakes Naval Training station. He served in the navy during the World War and took a prominent part in Legion work throughout Lake county.

He was one of the organizers of the Navy-Marine post of the Legion at Great Lakes, which disbanded several years ago.

He is survived by his wife and a daughter, Helen, and son, James.

E. A. Grutzmacher Dies in Chicago

Antioch friends of E. A. Grutzmacher, Chicago, formerly of this village, were shocked to hear of his death Monday, Jan. 30, in Chicago, from a heart ailment.

Funeral services were held in Chicago last Thursday.

Grutzmacher was formerly manager of the Chain of Lakes Laundry and Dry Cleaning company at Antioch. This company has since been discontinued.

He is survived by his wife; by a daughter, Mrs. Byron Corbin of Cross Lake; two sons, Ronald and Oliver, both of Chicago, and three grandchildren.

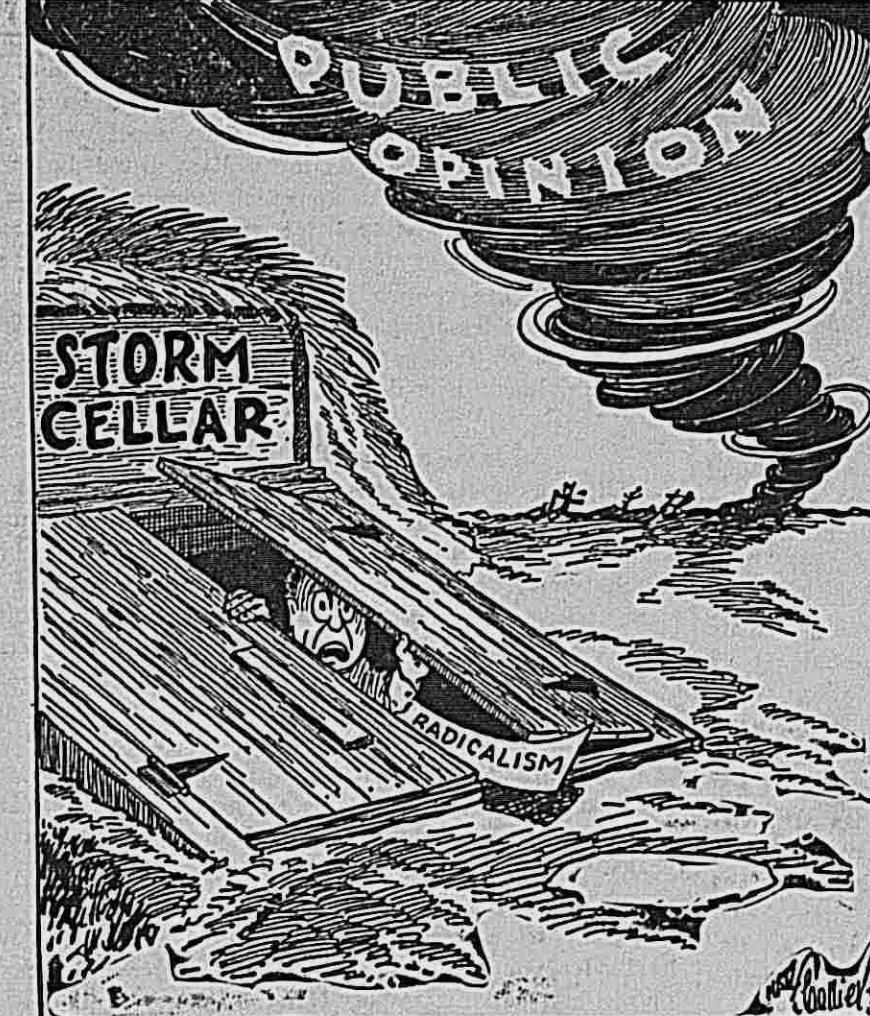

"Town Warming" Held at Barrington Is Success

The "Barrington town warming" may become an annual event, heads of the organizations in that village hope after surveying results of the successful two-week program that closed Saturday evening after drawing a total of 15,000 persons to the 14 lectures given.

Noted lecturers, authors, journalists, ministers and educators were among the persons brought to Barrington to give the talks, held at the high school each evening throughout the "town warming."

Another winter schedule and various community-wide leisure time projects will be discussed at a meeting to be held by organization heads the evening of Tuesday, Feb. 14.

PLAYS FOR HIGH SCHOOL DRAMATIC TOURNEY NAMED

Sixth Annual Inter-Class Tournament Is Set for Feb. 20 and 21

Interest is running high in the sixth annual Inter-Class Play tournament to be held at Antioch Township High school Monday and Tuesday evenings, Feb. 20 and 21. The prized Drama Shield will go to the winner.

The tournament was originally scheduled for Feb. 13 and 14 but was postponed because of the influenza epidemic at the school.

Nine plays will be given, four on the first evening and five on the second. The curtain will rise at 7:30 o'clock both nights. Tickets may be obtained from members of the casts and they will also be available at the door.

Opening the tournament on Monday evening will be "Isn't It the Truth?" a farce-comedy of Hollywood.

Casts of the plays, in full, will be as follows:

Monday Night

"Isn't It the Truth?"—Marjorie Doolittle, Jean Brett, Joyce Anderson, Violet Loftus, Parker Hazen, Ray Fennema, Charles Rothers, Dudley Ward.

"Suitable for Charity"—a comedy of "But Now There's Buford"—aert White, Eileen Snyder, Charles Anderson, Gordon Knott, Charlene Jorgenson and Richard Prince.

"A Snug Little Kingdom"—a play of London, with William Cisna, Jeanette White, Windsor Dalgaard, Sybil Johnson, Charlotte Nash, Betty Lu Williams and Gordon Zink.

"David Copperfield"—an episode from the novel by Dickens, with William White, Helen Thompson, Robert Dressel, Ray Wells, Jennie Nevelier and Ruth Turnock in the cast.

Tuesday Night

"But Now There's Buford"—a comedy of youth, with Arlene Krahn, Louise Mueller, Otto Palasko, William Mongon, Lila Cobb and Bessie Leng.

"The Gift"—a serious play, with its setting in Judea at the time of Christ. Jean Perry, Robert Strang, Martha Winch, Gilda Pierce and William Randall in the cast.

"History in the Making"—a dramatized version of the last days of Major Andre, with Roger Brogan, Betty Hanke, Marjorie Bright, Mary Kay Lynn, Russell Homan, Leo Keisler, Helen Lubkeman, Venetia Philippi, William Reamer, Fred Zilke.

"A Unicorn and a Fish"—a comedy with Robert Patrick, Charles Anderson, Lucille Waters, Ralph Gussarson and Joan Smith.

"Spreading the News"—a play in the style of the Abbey players of Dublin, with George Bartlett, Frances Beimer, Roberta Selter, Edward Ruskowski, Dale Smith, Irene Chinn, Shirley Hennings, Lawrence Keisler, Robert Burke and Arthur Small in the cast.

TO OBSERVE "SCOUT WEEK"

Special Features to Mark Meeting to Be Held Friday Evening

Antioch Scouts are joining in the observance of National Boy Scout week, Feb. 8-14. At their meeting Friday evening at 7 o'clock, they will have special "Scout Week" features.

The meeting will be the first one held by the troop in two or three months, since meetings were discontinued temporarily because of the number of activities being held evenings in the Antioch High School.

However, arrangements have now been completed to hold meetings temporarily in St. Peter's hall, where tomorrow evening's gathering will take place.

Norbert Pacini is leader of the troop, which has about 30 members, and Irving Walsh is assistant leader.

WANT REAL TALENT FOR FIREMEN'S SHOW

"Les" White, Matchmaker, Has Ambitious Plans for Event Mar. 24

Plans go forward apace for the benefit wrestling and boxing show to be sponsored by the Antioch fire department Friday evening, March 24, in the high school gymnasium to raise funds for the purchase of new uniforms.

"Les" White, who has been secured as matchmaker, is endeavoring to work up the same high class of bouts as those Lake county fans witnessed at Grayslake last summer.

This means that the talent will be of national fame, and will put on a really worthwhile exhibition. The complete card is to be announced about March 1.

It will feature three wrestling and three boxing bouts. Some of the winners in the Antioch high school Golden Glove tournament, which will have its semi-finals on the week preceding the benefit and its finals on Monday, Tuesday and Wednesday, March 20, 21 and 22, will take part in the boxing demonstrations. It is also planned to have one or two professionals present. Coach R. H. Childers is in charge of this part of the program.

In tentative announcements with regard to the wrestling, White states that he is attempting to match "King Kong" (he of the motor scooter fame) with either Jim McMullen or Ruffy Silverstein.

Announce Civil Service Openings, Examinations

Examinations for filling 51 civil service vacancies will be held in March, according to a notification received by Postmaster James F. Horan of Antioch from the Illinois Civil Service commission.

They include openings in employment and personnel work, stenographic and clerical work, typists, business machine operators, housemothers and dieticians, nurses and sanitary engineers.

Applications should be filed before 5 p.m., March 6. Further details may be secured at the Antioch post office.

The One Big Uncertainty

One of the leading statistical and economic services, in forecasting the future trend of business, recently had this to say: "The public utility industry remains the one big uncertainty. Some plant expansion in their field will be necessary merely to meet the growing utilization of electric power, but any long-term expansion program will not develop until the utility executives and the Administration settle their differences."

It will be remembered that not long ago officials of the government asked the co-operation of the utility industry in expanding plant facilities in the interest of current plans for national defense—as well as to provide employment and profitable sources for productive private investment. The utility industry immediately indicated its willingness to do everything in its power—and its leaders pointed out that it could and would spend billions in the next few years if there was an end to political persecution, and federal subsidies for socializing the electric industry. What has happened? The socialization drive has not been stopped. The TVA is going ahead with its ruthless policy of forcing private utilities to sell out at ruinous, unarbitrated prices set by TVA directors—using as its weapon the threat of building duplicate facilities. At Bonneville Dam, plans have been announced for building a vast system of transmission lines in the Pacific Northwest with federal funds—and all or practically all of these lines will virtually duplicate the lines of the heavily taxed private utilities which have long served the area with abundant electric power at extremely low rates. The public ownership "scandal" in Nebraska continues to cost the general taxpayers a fortune—and to threaten the existence of the private utilities there.

So it goes, throughout the nation. In addition to all this, the government continues to lend and give money to municipalities for the purpose of building subsidized, tax-free, unnecessary municipal plants. Is it any wonder that the utility industry "remains the one big uncertainty"—and that economists point out that lack of private utility expansion is a tremendous obstacle to recovery?

Congress Fumigating Relief System

The unpleasant odor that has surrounded relief activities in many states has at last reached the sensitive nose of Congress. As Newsweek phrased it recently, "the upstart House began a wholesale overhauling of the entire relief system."

First step in this overhauling was to cut the proposed appropriation of \$875,000,000 to be spent up to June 30 by the WPA, to \$725,000,000....Then the House

attached on a number of salutary amendments to the bill, including strictures denying WPA relief payment to aliens, denying WPA money to any person attempting to influence the political opinion of another, and making it illegal for a WPA supervisor to bring political pressure on those beneath him. It is a significant fact that not far from half the Democrats in the House, as well as the majority of Republicans, supported these measures to cleanse and make more economical the handling of relief.

There is ample evidence to support the statement that the public has become sickened of too much politics in relief administration. It feels that maximum economy is essential if the business of providing for the jobless isn't to bankrupt those who still have jobs.

It is believed by persons in close touch with conditions, that untold millions of dollars could be saved annually simply by divorcing relief from politics, waste, excessive bureaucracy and red tape—without reducing the scale of living of the relief beneficiary. Here is one place where the tremendous tax drain on the national income can be lessened. Congress is to be congratulated for starting to fumigate and sweeten the odor around relief activities. But don't stop there—cut deeper.

Dangerous Dictatorship

Dictatorship is dangerous. It's unlimited power in the hands of a limited human being. It feeds upon ambition, and unrestrained ambition knows no ethics. As the power of the individual increases his point of view undergoes change. Under the spell of unlimited authority he goes to extremes that he would not dream of under normal circumstances. Although still human and therefore limited, the power-mad individual looks upon himself as the superhuman. He becomes a law unto himself. He acts without apparent thought of legal or moral responsibility. In his warped opinion his might makes whatever he does right and the end justifies the means.

Don't be discouraged. No matter how far down the ladder you get, you always have a good chance to come back. For example, New England again has a solid phalanx of Republican governors.

Herbert Morrison, member of the British Parliament, said the other night that President Roosevelt best speaks the minds of the British people. We presume this is what might be called remote control.

Ohio seems to be pointing the way for economy and retrenchment. For instance: 1,059 Democratic workers were fired the other day at an annual saving of \$1,500,000.

A Jersey cow down in Texas gave birth to triplets, all healthy. The mother is doing well but reported not in sympathy with Henry Wallace's farm program.

In admitting he regrets that he made those political speeches, Mr. Hopkins has taken a position alongside the fellow who didn't know it was loaded.

Sunday School—10 A. M.
Worship Service—11 A. M.

The Ladies' Aid Society will meet Wednesday afternoon, Feb. 15, with Mrs. Leo Barnstable at her home, and Mrs. Oscar Douglas will assist. Visitors are welcome.

The committee in charge of tickets for the Father-Son banquet on Feb. 22 will soon call on you for reservations for this annual affair which promises to be very interesting.

The Firemen and Ladies' Aid teams which competed in the "Quiz" contest last Friday evening, put on a very enjoyable entertainment and competition was close, with the firemen team in the lead at the close of the seventh round of questions. Mrs. Lloyd Barnstable was awarded the prize for the ladies and Lester Hamlin and Russell Nickerson were tied for first place on the men's side so each was awarded a prize. On Friday evening this week teams from the Royal Neighbors and business men will answer questions and next Friday the winning team of each evening will answer the questions. Come one and all and enjoy the evening. Rev. Allen will ask the questions and furnish correct answers if all fail. Three boys from Allendale furnished music between the rounds of questions.

One hundred fifty votes were cast at the school-house last Saturday for the proposed gymnasium-auditorium addition to the school, and 132 votes were for the addition and only 18 against, which showed that the community sentiment is very much in favor of the improvement. The school board will now have the authority to go ahead with the necessary business and ask for bids.

These prominent Republicans will be among speakers at the annual Lincoln Day banquet in New York Monday celebrating 1938 election gains and drumming up enthusiasm for 1940. Upper row, left to right: John D. M. Hamilton, Republican national chairman, and Thomas E. Dewey, New York county district attorney who missed gubernatorial election by only 63,000 votes. Lower, left to right: Former President Herbert Hoover and Glen Frank, national program committee chairman. Speeches at the New York banquet will be carried by radio to smaller gatherings throughout the nation.

Mrs. Fred Hamlin spent the time while she was away, with Mrs. Hamlin's father, John Nader.

Mr. and Mrs. John Leonard of Lake Forest visited their mother, Mrs. James Leonard, last Sunday.

Dog an Understanding Beast

A dog is an understanding, patient, loving beast who gives his all and demands no return. He repays love with more love and neglect with fidelity. When others desert you, writes R. R. Tayton in the Washington Star, your dog will stand by.

When others demand material tokens of your interest, your dog wants only a glance, a pat, a chance to be near you. If you are sad, busy, worried, your dog will fit quietly into your mood. If you are glad, frolicsome, playful, your dog more than gladly will share your happiness.

River Thames 'Liquid History'

The river Thames, which gives Londoners and visitors a glimpse of that city's 70-mile port, is, like the Rhine, "liquid history." For centuries it has been highway for business and pleasure, and once there were more passenger boats upon its surface than carriages on all the streets of London.

True Color Terms to Ox

The true color buff as applied to a color was derived from the word buffalo, the common ox of the Old world which differs from our American buffalo or bison. The original application of the word buff meant a soft light leather of the chamois type, commonly used for soldier's uniforms in olden days. Likewise the word tan is an ancient term referring to the color of the ox hides tanned with an oak solution.

Record for Security Interest

A nonrecallable American railroad bond issue of 1885, due to mature in 2361, will hold the record for the amount of interest paid on a single security, according to Collier's Weekly. When these bonds mature, the interest, during these 476 years, if paid, will have totaled \$950,000,000, or 19 times the principal of \$50,000,000.

PETER HEALS A LAME MAN

LESSON TEXT—Acts 3:1-10; 4:8-12.
GOLDEN TEXT—Then Peter said, "Silver and gold have I none; but such as I have give I to thee."—Acts 3:6.

Is Christianity on trial? Answers would differ, depending on varying points of view. Assuredly Christ is not on trial. He is the Son of God and the only Saviour of men, and we are "on trial" as to our attitude toward Him. It is also certain that the true Christian faith is not on trial. Even the liberal and so-called modernistic leaders confess that it is the only faith that has proved itself in the crucible of daily experience.

There is a sense, however, in which Christianity as a whole is on trial. The Church which professes to represent Christ on earth has failed most miserably at so many points that the world is looking at it with the same cold suspicion with which the Church was viewed in the time of Peter. The question which one can feel on every hand even though it is not asked in words, is, "What have you that will meet the unprecedented need of the individual—the social order—the whole of humanity?" There is a sufficient and a satisfying answer, but it is not found so much in the temporal realm as in the spiritual. We have something to offer that is better than silver or gold—the salvation which is found in none other than Jesus Christ, our Lord.

I. Better Than Silver and Gold (3:1-8)

The lame man had long since abandoned hope of anything more than the coins that he could beg as he sat at the temple gate. He is typical of our hardened and cynical age which is interested only in what it can get in cash, and in what that money will buy. Even Christian people seem to have forgotten that "a man's life consisteth not in the abundance of the things which he possesseth" (Luke 12:15).

God has for us things far better than silver and gold—deliverance from the power and penalty of sin, glad liberation from the limitations of spirit which hold us down and make us content with the paltry alms of men. Where are these things to be found? In Christ. How are they ministered? Through His faithful servants. Peter and John were the kind of men who, though busy, had time to pray (v. 1). If you know men or women like that, cultivate their friendship, look intently to them in faith (v. 4, 5), receive their help (v. 7), and above all, believe in their Christ (v. 6), and you will receive that which is better than silver and gold.

God healed this man's body, but what is more important, He healed his spirit (v. 8). We need that kind of healing for the spiritual cripples of our day. The weak-kneed, lame-ankled, and spirit-darkened individuals in our churches and communities need the touch of God. Perhaps you may be used to bring them His message of deliverance and power.

II. Wonder and Amazement (3:9, 10).

It has been suggested that one of the weak points in the ministry of the modern church is the lack of such miraculous deliverances from sin as those which caused the unbelievers of a generation or two ago to look with wonder on the ministry of the Word. After all there is no testimony just like that of a redeemed and transformed life. Men may argue with our philosophy, question our theology, but a redeemed life is a walking testimony in a community that no scoffer can refute.

There are two reactions recorded in the context of our lesson which reveal the possible attitudes of men toward such experiences. Some were amazed and believed in Christ. (4:4). Others hated the cause of Christ (4:16, 17) and they cast the preachers into prison (4:13). Did this discourage them? No, indeed. They knew that they owed allegiance to God rather than man (4:19, 20), and consequently used their very trial as an opportunity to proclaim

III. The Pre-eminent Saviour (4:8-12).

Note here again that the speaker was a Spirit-filled man. That is the absolute prerequisite to effective proclamation of the truth. Observe also the care with which Peter makes known that he and John are to have no personal credit or glory. They "have something there" that might well be applied to present-day religious activity when many men must either have all the glory, or go off and start a new work where they can have it.

Let us make much of the clear teaching concerning the person and work of Christ which is found in these verses, particularly stressing His place of absolute pre-eminence as the one and only, and, at the same time, the all-sufficient Saviour of mankind. Let us not forget that "there is none other name under heaven given among men whereby we must be saved" (v. 12).

D. 1938, and that said action is now pending and undetermined in said Court, and, that you, the Defendant, must file your appearance in said action on or before the first Monday in March in the month of March, A. D. 1939, and in the event you fail to do so, default may be entered against you.

L. J. Wilmot,
CLERK OF CIRCUIT COURT.
George W. Field,
Attorney for Plaintiff,
Waukegan, Illinois.

The "Scorton Arrow" originated in the Seventeenth century, when a group of archers in the village of Scorton created the contest. They awarded not only the arrow but also a "captaincy" to the first man scoring a bull's-eye in the contest. A silver bugle and "lieutenancy," a gold medal and a horn spoon were other prizes, says the Washington Post. Though the first written record of the "Ancient Scorton Arrow" is dated 1673, the contest is believed to be much older. But figuring just from the first known date, the arrow is still archery's most ancient award.

Bisons Good Engineers
The American bison, or buffalo, was one of the best natural engineers ever known. The buffaloes were such good surveyors that humans seeking a way for railroad lines to cross the plains followed the old buffalo trails for many miles—with out being able to improve the grade.

Early Snow Storms Marooned Travelers

In contrast with the celerity of modern railroad and highway clearing, it took Chicago only a day to "dig out" of last week's heavy blizzard, and Lake county highways were opened even more rapidly, being either kept clear or cleared within a few hours—there are the stories of earlier days.

Before railroads had developed snow plows so powerful that they could be seldom blocked, Illinois travelers were sometimes hard pressed when trains were marooned during storms that swept over Illinois prairies.

Research workers of the Federal Writers' Project, W. P. A., while examining newspaper files in compiling information for guide books, found a letter of 1877 in which the writer recounted a heavy snowfall that had occurred some years before. A train, according to the account, was blocked for days "in one of the boundless prairies of Illinois, and the passengers, nearly all of them business men and members of the state legislature, were reduced to such an extremity" that they had to burn the furniture of the coaches in order to prevent death by freezing.

CHRISTIAN SCIENCE CHURCHES

"Spirit" was the subject of the lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 5.

The Golden Text was, "Where the spirit of the Lord is, there is liberty" (1 Cor. 3:17).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O Lord thou hast searched me, and known me. Whither shall I go from thy spirit? or whither shall I flee from thy presence? If I take the wings of the morning, and dwell in the uttermost parts of the sea; Even there shall thy hand lead me, and thy right hand shall hold me."

How precious also are thy thoughts unto me, O God! how great is the sum of them! If I should count them, they are more in number than the sand; when I awake, I am still with thee" (Psalms 139:1, 7, 9, 17, 18).

The Lesson-Sermon also included the following passages from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is infinite, the only Life, substance, Spirit, or Soul, the only intelligence of the universe, including man" (page 330).

Has One of 5 Known Bottles of King's Ale

One of the five known bottles of the King's ale in the world is the possession of Thomas A. Cook, Lake Geneva blacksmith. The bottle is a valued collector's item. One of the other five was recently advertised for sale in London and New York papers for the sum of \$500.

The "King's ale" is from a vat started by King Edward VII while inspecting an English brewery in 1902. The bottles for it were specially cast, and special labels were prepared with the date of the brew.

The bottle in the possession of Cook was presented to him by his brother while he was visiting in England in 1936.

Antioch Lions Score Double Victory Over McHenry Merchants

The Antioch Lions basketeers roared to a double victory here Monday night when the first team downed the McHenry Merchants, 53-35, and the second team took the McHenry second team in a close finish 36-31.

After the second team in the curtain raiser pulled their game out of the fire with a fast finish to set a good example, the first string men came to the floor to go almost immediately into an 18 to 0 lead over their opponents. During the closing quarters the McHenry squad speeded up to score 35 points during the remainder of the game.

King and Sheehan starred as leading point-makers, King hitting the loop for 9 field goals and three free throws for a total of 21 points, and Sheehan scored seven ringers from the floor for 14 counters. About 150 enthusiastic rooters enjoyed the game.

The second team was formed five weeks ago and as yet has not tasted defeat. They were pushed hard in the closing minutes of the game until Keulman, high scorer, hit the hoop with a long shot and followed a moment later with a short ringer under the basket from a beautiful pass by Murphy. Final score, 36 to 31.

MISTAKEN IDENTITY CAUSES HEADACHES

All Is Confusing With Two Scotts in Suburb.

CLEVELAND. — A "case of mistaken identity" is causing the Kenneth D. Scott family, of suburban East Cleveland, unwelcome fame—all because another Kenneth Scott, professor of classics in Western Reserve university's Flora Stone Mather college, is not listed in the city telephone directory.

Professor Scott, an authority on Fascism, is much in demand as a lecturer. He does not receive the attention due him, however, as it goes to his namesake—Kenneth D. Scott, an illumination engineer.

"The misdirected telephone calls and letters aren't the worst part of this mistaken identity business," Engineer Scott said.

"What is most annoying is that those seeking Professor Scott won't believe me when I say that I'm not he. I have interminable arguments with telephone callers who insist that they are talking to the professor.

"He said that the callers-in-person say he "looks like the professor."

Here is a partial list of misdirected items which have come to the Scott family addressed to Professor Scott.

Invitations to speak on their travels in foreign countries to which they never have gone.

Poems and jokes on the New Deal (The purpose of these contributions baffled the Scott family.)

Letters from Germany addressed to "Kamerade."

Engraved invitations to formal dinners.

Money for speeches never made. The Engineer Scotts received a check for a lecture which Professor Scott gave before a local organization.

The Scott family deducted no compensation for being awakened at all hours of the night by the phone calls for the professor—and they returned the check.

Abundance

IT WAS a desert place and there were five thousand to be fed. A lad had brought five loaves and two small fishes. But a disciple said (John 6:9), "What are they among so many?" How different was the view taken by Christ Jesus! The disciples' thought was fearful and their outlook limited. They saw a hungry multitude. Jesus saw hungering hearts; his thought was spiritual. With supreme confidence in the affluence of good he looked to heaven, harmony, and gave thanks.

What a glorious proof was then given that divine law is ever operating in human affairs! The Master knew that supply is primarily spiritual, not material. In obedience to divine law he turned away from sense testimony and demonstrated the truth of present abundance.

It is to be noted that in the demonstrations of Christ Jesus there was no hint of insufficiency or of incomplete demonstration. The need was always met. There was food left over after the five thousand had been fed.

The impotent man was so completely healed that he was able to obey the command (John 5:8): "Rise, take up thy bed, and walk." At the command of the Master, Lazarus came forth from the tomb, "bound hand and foot with graveclothes." And to those who stood by Jesus said with authority (John 11:44), "Loose him, and let him go." Thus every remaining evidence of the claim of death gave way before Jesus' recognition, in Science, of the perfect man, God's image and likeness....

What is the human need? Food, shelter, clothing, money — these are legitimate human needs. The Master promised his followers that these necessary things should be added to those who sought first "the kingdom of God, and his righteousness" (Matthew 6:33). They were to be added, but these things in themselves do not constitute the fundamental human need. Humanity needs to understand God. There is need for spiritual knowing, spiritual living — for holiness. We need to labor to the end that sin, greed, fear, envy, and dishonesty will give place to honesty, unselfishness, purity, and love. We need to know that, in reality, we are God's children, and that we are held in the arms of everlasting Love.

Mary Baker Eddy, the Discoverer and Founder of Christian Science, says (Science and Health with Key to the Scriptures, p. 494), "Divine Love always has met and always will meet every human need." We have only to be obedient to divine law in order to experience the fulfillment of this promise. The need may be for patience, strength, moral courage, honesty, confidence, or mere kindness and gentleness in our daily contacts. Love supplies these needs. We can turn to Him in full assurance that the realization of Love overcomes envy, greed, criticism, doubt, and fear, which have no place in His kingdom.

Lack of any good or needful thing evidences error of belief. All lack arises from the belief that life, substance, and intelligence are material, hence circumscribed and limited. Limitation is always connected with the belief in matter. We need to acknowledge this fact and all that it implies. No amount of material goods will free us from the belief in limitation. The remedy for lack, want, and insufficiency lies in gaining the spiritual understanding of ever-present good.

The real man is spiritual and perfect. He is conscious only of limitless good. Understanding this, one can deny the material supposition of lack. In denying lack and insufficiency and acknowledging the presence of spiritual abundance, the seeker is conforming to God's law — the law of good, which is ever operative and available in human affairs.

So long as we look to matter for our supply, we find lack. Jesus looked away from the evidence of the senses to Spirit, God, when he fed the five thousand. The result was that there was enough and to spare. When we look primarily to a pay envelope, a bank account, or any other material thing for our supply, we throw the weight of our thinking on the side of limitation and lack. In managing our human affairs, honesty demands that we balance our budget; but we can claim persistently and joyously that our real income is not material, but spiritual. We can look away from a limited sense of supply, and thank God for the affluence of good.... —The Christian Science Monitor.

Delhi Really Seven Cities

Delhi, that city of the "change less East" which, paradoxically, has probably seen more changes than any other capital in the world, is really seven cities. It has been the capital of a large number of ruling dynasties and its riches have proved an irresistible temptation to invaders, particularly from the north, throughout its long history. Delhi proper is surrounded by a wall, and access is obtained through eight gateways. On the river front stands the fort, its walls built of red sandstone, inclosing a white marble palace whose interior is inlaid with semi-precious stones. An eighth city, New Delhi, India's actual capital, is one of the most modernly planned cities of the Far East.

Poets Referred to as Swans

Poets sometimes are referred to as swans. The word swan is applied in allusion to the mythological story of Apollo's being changed into a swan. Ben Jonson referred to Shakespeare as the Swan of Avon; Virgil was known as the Mantuan Swan, and Homer the Swan of Meander.

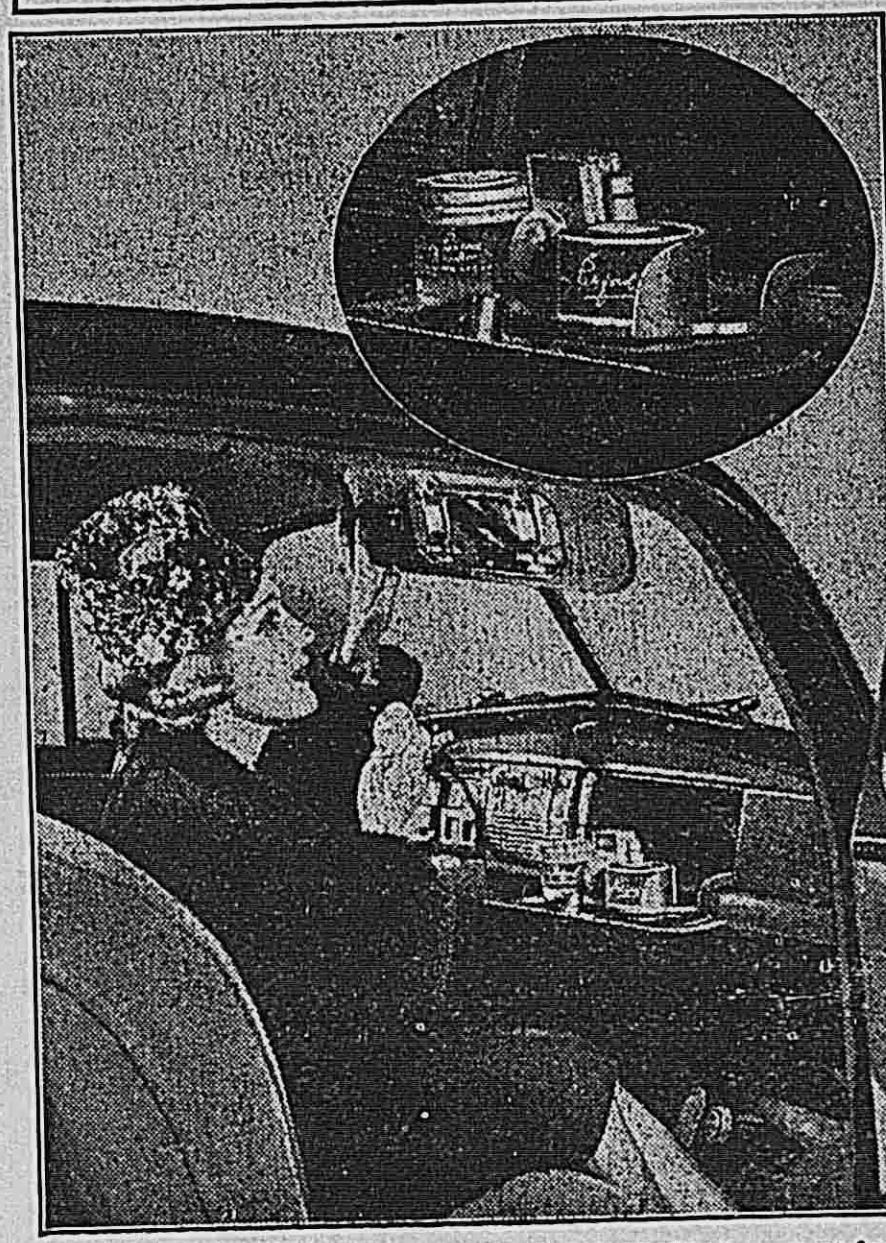

Visibility From Ship

The average visibility from a ship at sea is about ten miles.

Moles Have Rudimentary Eyes

All moles have rudimentary eyes which in some cases are almost entirely covered by skin and fur.

Last Word in Convenience

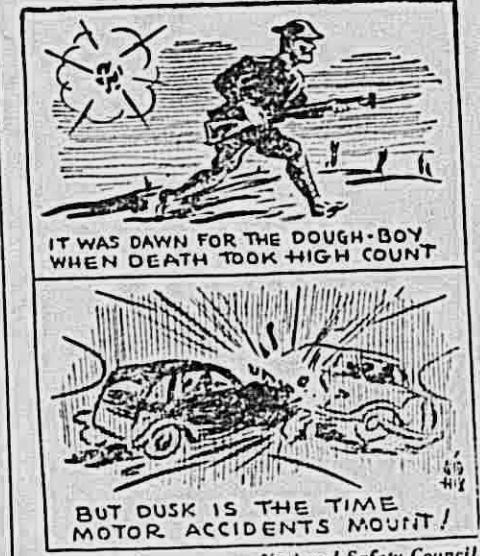

The desire to make a car reflect its owner's individuality is a potent factor in the average motorist's choice of accessory equipment. And it would be hard to find a more thoroughly "personalized" car than this new Chevrolet in which Mary Pickford is shown applying a touch of makeup. As if the handy illuminated vanity mirror were not enough, the car has a special kit of Miss Pickford's own famous beauty aids, now on the market under her name. The container, holding lipstick, rouge, powder and cream, folds neatly up into the glove compartment when not in use. Inset shows close-up of vanity case.

It's 'Prof.' Dean

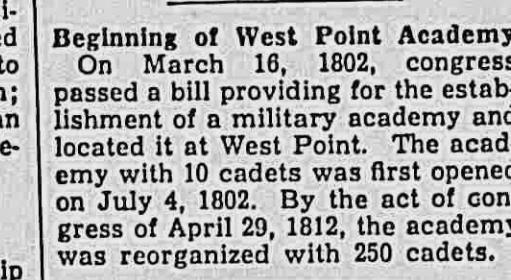

Famed as radio orator, vaudeville entertainer and baseball pitcher, the great Dizzy Dean now becomes a professor. Dizzy will arrive in Jackson, Miss., Tuesday to join the faculty of Promoter Ray Doan's baseball school. He will teach youngsters how to become a great hurler — like Dean.

'Holy Mountains' in China
Four mountains in China are designated by the Buddhists as "holy mountains": Wu T'ai Shan in Shansi province, Omei Shan in Szechuan, Chui-hau Shan in Anhwei and Pu-To in the Chusan islands. Some of the temples on Wu T'ai Shan date from the First century, A. D.

Most Common Eye Defect
The world's most common eye defect is astigmatism, which is believed to exist, to some degree, in every person. The rarest defect, says Collier's Weekly, is total color blindness, of which there have been 150 recorded cases in all history.

Black Garb Banned
Two hundred years ago a woman, Queen Ann, ruled Russia, and one Biren was the power behind the throne. Because Biren loved bright colors, black was forbidden at court and everyone had to appear in brilliant raiment, light blue, pale green, yellow and pink.

The Happy Man
The happy man is he who distinguishes the boundary between desire and delight, and stands firmly on the highest ground; he who knows that pleasure is not only not possession, but is often to be lost, and always to be endangered by it. — Landor.

FARMERS TO HEAR WLS SINGERS AT ANNUAL MEETING

DeZurik Sisters and Good
Speakers to Feature
Program Thursday

The annual meeting of the Lake County Farm Bureau will be held at the school auditorium, Grayslake, Ill., on Thursday, Feb. 16.

Arrangements have been made with the WLS Radio Station for the DeZurik Sisters to be with us at 10:30 A. M. Mr. F. E. Longmire of the Agricultural Extension Service of the University of Illinois and Mr. Dave Michr of the Illinois Agriculture Association will be the principle speakers of the day. These together with the reports of the various activities of the Farm Bureau and election of Directors will comprise the day's program.

The DeZurik Sisters, Carolyn and Mary Jane, are a unique yodeling team. The inimitable quality of their voices results from one of the most unusual tricks of Mother Nature. Both of the girls were born with "Bird Throats." Through this unusual construction the two young Misses are able to get a very rapid vibration that closely resembles the warbling of such birds as the canary, scarlet tanager, lark, oriole and the nightingale.

The DeZuriks came to WLS in October, 1936, for an audition; and the staff of the station thought so much of them that they were immediately given a long term contract. These

Co. T. B. Association Re-elects Its Officers

Officers of the Lake County Tuberculosis Association who served during the past year were re-elected at the association's annual meeting last Wednesday in the Waukegan hotel. Dr. M. H. Smith is president; Mrs. A. N. Niblack and Dr. Theodore Proxmire, vice presidents; Mrs. Girard Fossland, secretary; and Harry A. Hall, treasurer.

The following members were elected to serve on the executive committee: Edward L. Baker, Mrs. George W. Childs, Rev. Howard Ganster, Carl Nielsen, Max Kohner, Dr. J. A. Ross and Edgar T. Stephens.

Dr. Charles K. Petter also becomes a member of the Executive Committee, and a member of the Board of Directors through the adoption of the following amendment to the Constitution and by-laws of the association: "The Medical Director of the Lake County Sanatorium Board shall automatically become a member of the Executive committee of the Lake County Tuberculosis Association, and shall also automatically become a member of the Board of Directors of said Association as soon as he has

been hired and assumes his duties with the Sanatorium Board."

Other members of the Board are: Mrs. Sydney Barnstable, Dr. George Callahan, R. W. Churchill, Mrs. Robert W. Buckley, Armon J. Crawford, Mrs. Howard Detmer, Mrs. Herbert Handlan, W. E. Larsen, Mrs. Earl H. Kane, Mrs. Mabel McCullough, the Rev. Herbert Prince, T. R. Simpson, Dr. V. R. Sleeter, Gustav Stearp, Mrs. Francis M. Knight, Mrs. Barney Trieger and David Van Patten.

The regular clinics sponsored by the Lake County Tuberculosis Association will be held Wednesday and Friday mornings from 8:30 to 11 o'clock in St. Therese hospital.

The total Seal Sale to date is \$8,043.60, with 5,984 Christmas Seal letters still unanswered. Fifty cents from each of these letters should give Lake county the lead over all counties in Illinois, outside of Cook county, the association officers state.
